COMPLIMENTARY

This book or any portion thereof cannot be copied, microfilmed or reproduced for any commercial purpose. Data therein can, however, be used and published with acknowledgement of the sources.

Foreword

I am delighted to learn that Bangladesh Bureau of Statistics (BBS) has successfully completed the 'District Statistics 2011' under Medium-Term Budget Framework (MTBF). The initiative of publishing 'District Statistics 2011' has been undertaken considering the importance of district and upazila level data in the process of determining policy, strategy and decision-making. The basic aim of the activity is to publish the various priority statistical information and data relating to all the districts of Bangladesh. The data are collected from various upazilas belonging to a particular district.

The Government has been preparing and implementing various short, medium and long term plans and programs of development in all sectors of the country in order to realize the goals of Vision 2021. For any pragmatic approach in formulating and evaluating development plans and programs reliable statistics are indispensable. BBS has been performing the major responsibility of supplying comprehensive and accurate statistics at the national level.

The present government, in line with its commitment to decentralize administration, has declared upazila as the focal point of administration regenerating upazila parishad through participatory elections. However, upazila level official statistics are still very inadequate. It is praiseworthy that BBS has undertaken timely program of publishing 'District Statistics 2011' where data representing socio-economic characteristics of upazilas of all districts will be available. I am confident that this publication will be of invaluable help to the planners, administrators, researchers, field level officers as well as other users. Various government, non-government and international organizations closely related to policy formulation and implementation may also find this publication useful.

I sincerely thank Mr. Golam Mostafa Kamal, Director General, BBS for bringing out the publication of 'District Statistics 2011'. I hope that in future 'District Statistics' will be published in much more improved form to make it more effective and informative.

Secretary
Statistics and Informatics Division
Ministry of Planning
Government of the People's Republic of
Bangladesh

Preface

The 'District Statistics 2011' is mainly a compilation work of Bangladesh Bureau of Statistics (BBS). The decentralization policy of government has enhanced demand for timely, qualitative and comprehensive statistical data both for administrative and development requirements. The major regular publications of Bangladesh Bureau of Statistics like Statistical Pocketbook of Bangladesh, Statistical Yearbook of Bangladesh and Agricultural Yearbook of Bangladesh provide aggregate data mainly at the national and regional level. Data for smaller administrative unit like upazila often remains absent in such publications. The 'District Statistics 2011' emphasises to provide upazila level data.

The 'District Statistics 2011' provides both structural and flow-type information of almost all of the priority sectors of our national economy depending on data availability both from published and unpublished sources.

The publication of 'District Statistics 2011' would have not been feasible without the wholehearted co-operation of the various government, semi-government, autonomous, non-government offices and other organizations. In particular, the district and upazila level officials extended their total support and supplied all data. I like to express my sincere thanks to them and hope such co-operation will continue in future.

I am obliged and grateful to Mr. Md. Nojibur Rahman, Secretary, Statistics and Informatics Division (SID) for his enormous support and advice to prepare and to finalize this important publication. My sincere thanks also go to all officers of SID for their wholehearted support and sincere co-operation towards accomplishing this document.

I acknowledge the contributions of Mr. Md. Mizanur Rahman, Deputy Director General, BBS and Mr. Ghose Subobrata, Director, FA & MIS, BBS during development of the Document.

The regional and upazila statistics offices of BBS actively participated in preparation of the report. I thank them all. Finally, I thank Mr. Nasir Uddin Ahmmed, Deputy Director & Focal Point and staff members of Bangladesh Bureau of Statistics for their untiring efforts in making the 'District Statistics 2011' a success. Through user's interaction and feedback, we hope to improve the coverage and quality of information contained in this edition. Any suggestion for improvement of the publication will be highly appreciated.

Dhaka

(Golam Mostafa Kamal)
(Additional Secretary)
Director General
Bangladesh Bureau of Statistics

Acknowledgement

The report on ‘District Statistics 2011’ is the result of the initiative of the honorable Secretary, Statistics and Informatics Division (SID). Ex-Director General Mr. Md. Shahjahan Ali Mollah and the present Director General Mr. Golam Mostafa Kamal of Bangladesh Bureau of Statistics (BBS) have guided us in every steps of the journey to whom we remain grateful.

All the data providers of different offices/organizations of respective district and upazila deserve special thanks for their cooperation. We will be in need of such cooperation in future too and hope that the same hospitality will be received from them again.

I gratefully acknowledge the contribution of all members of Editors’ Forum and also of Project Directors’ Forum of BBS in editing this compilation work.

I acknowledge the contribution of Begum Aziza Parvin, Director, Computer Wing, Mr. Md. Mofizul Islam, Programmer and the members of data entry team.

I remember and acknowledge the hard work of Mr. Nasir Uddin Ahmmed, Deputy Director as well as Focal Point Officer for this activity. My sincere thanks also go to the respective Regional Statistical Officer, Upazila Statistical Officers and the employees of BBS.

I acknowledge the work of Mr. Md. Abdul Mannan, Administrative Officer, Mr. Mohammad Abdullah, Assistant Statistical Officer, Mr. Md. Yeasin Miah, Statistical Investigator and Mr. Abdul Malek, DEO for their sincere assistance to the Focal Point Officer in many possible ways. Officers and staff of Reproduction, Documentation and Publication Section of FA & MIS have contributed in printing the report in possible shortest time.

Finally, I want to be submissive that this work of compiling data from various secondary sources at district and upazila level is undertaken after a long time gap of almost 25 years. Some errors or unwilling mistakes may remain there in spite of our full hearted endeavor to make it an error free publication. It will be highly appreciated if any user kindly communicates any shortcomings of the report.

Chapter : 1 Introduction

District at a Glance.....	3
Concepts and Definitions.....	9

Chapter : 2 General Information

2.01	Broad classification of area 2011.....	17
2.02	Number of municipality, union, mauza, mahalla and village 2011.....	17
2.03	Number of mtropolitan thana, ward, mahalla, household and population 2011.....	18
2.04	Number of household, population and density 2011.....	18
2.05	Population and literacy rate of 1981, 1991, 2001 & 2011 and number of voters 2011.....	19
2.06	Population by religion 2011.....	19
2.07(a)	Percentage distribution of population (10 years and above) by marital status 2011...	20
2.07(b)	Percentage distribution of population (10 years and above) by marital status 2011...	20
2.08	Percentage distribution of population by type of disability, 2011.....	21
2.09	Number of religious institution 2011.....	21
2.10	Number of pond, dighee, flood camps/shelter, cyclone shelter, stadium/ playground, park/ amusement park 2011.....	22
2.11	Number of filling station, fire brigade station, police station/ camp, union land (tohsil) office, bop (BGB camp), cyber cafe 2011.....	22
2.12	Number of growth centre, hat /bazar, poultry farm, dairy farm, nursery, horticulture centre, brick kiln, decorator services 2011	23
2.13	Name of land/river/sea port, important or historical/ tourist places/objects, important /famous crop or food production 2011.....	23

Chapter : 3 Meteorology

3.01	Temperature, rainfall, humidity in the following years	27
3.02	Occurrence of river erosion in the following year 2008-2011	27

Chapter : 4 Agriculture

4.01	Number of agriculture holding by tenure.....	31
4.02	Total land area on the basis of utilization 2008.....	31
4.03	Land utilization (temporary cropped area) 2008.....	32
4.04	Land area under irrigation for specified crops 2008.....	32

4.05	Cropped area sprayed with plant protection measures 2008.....	33
4.06	Number of holding reporting cattle heads 2008.....	33
4.07	Number of holding reporting selected livestock species 2008.....	34
4.08	Selected poultry/birds 2008.....	34
4.09	Level of land 2008.....	35
4.10	Broad soil classification 2008.....	35
4.11	Irrigation by means, 2010-2011.....	36
4.12	Upazila / Thana wise statistics on low lift pump scheme 2010-11.....	36
4.13	Upazila / Thana wise statistics on deep tube-well scheme 2010-11.....	37
4.14	Number of selected agricultural machine 2008.....	37
4.15	Upazila wise use of fertilizer 2010-11.....	38
4.16	Distribution of chemical fertilizer 2010-11.....	38
4.17	Area and production of rice crops 2010-11.....	39
4.18	Area and production of rice crops 2009-2010.....	39
4.19	Area and production of wheat, jute and sugarcane 2010-11.....	40
4.20	Area and production of wheat, jute and sugarcane 2009-10.....	40
4.21	Area and production of lentil (masur), mug and maize crops 2010-11	41
4.22	Area and production of lentil (masur), mug and maize crops 2009-10	41
4.23	Area and production of pulse by type 2010-11	42
4.24	Area and production of potato by type 2010-11	42
4.25	Area and production of potato by type 2009-10	43
4.26	Area and production of oil seed by type 2010-11	43
4.27	Area and production of oil seed by type 2009-10	44
4.28	Area and production of pepper, onion and garlic 2010-11	44
4.29	Area and production of pepper, onion and garlic 2009-10	45
4.30	Area and production of turmeric and ginger 2010-11	45
4.31	Area and production of turmeric and ginger 2009-10	46
4.32	Area and production of tomato, radish and bean 2010-11	46
4.33	Area and production of tomato, radish and bean 2009-10	47
4.34	Area and production of pumpkin, parble (potol) and cabbage 2010-11	47
4.35	Area and production of pumpkin, parble (potol) and cabbage 2009-10	48
4.36	Area and production of brinjal, lady's finger and arum 2010-11	48
4.37	Area and production of brinjal, lady's finger and arum 2009-10	49
4.38	Area and production of cauliflower and cucumber 2010-11	49
4.39	Area and production of cauliflower and cucumber 2009-10	50
4.40	Area and production of papaya, guava, lime and lemon 2010-11	50
4.41	Area and production of papaya, guava, lime and lemon 2009-10	51
4.42	Area and production of jackfruit, banana and pineapple 2010-11	51
4.43	Area and production of jackfruit and banana 2009-10	52
4.44	Area and production of mango, litchi and blackberry 2010-11	52
4.45	Area and production of mango, litchi and blackberry 2009-10	53
4.46	Area and production at water melon/melon (bangi).....	53
4.47	Number and area of pond, dighee and other area 2010-2011	54
4.48	Number of fisherman and production of fish in following years.....	54

Chapter : 5 Industry

5.01	Number of selected industry by upazila/city corporation 2011.....	57
5.02	Number of jute mill and worker 2011	57
5.03	Number of Handloom Establishments and Looms 2011.....	58
5.04	Employment status in handloom industry 2011	58
5.05	Dying Facilities of Handloom Industries 2011	59
5.06	Number of small scale and cottage industry 2011	59
5.07	Number of establishment and person engaged in cottage industry 2011.....	60
5.08	Number of bamboo and cane industry and person engaged 2011	60
5.09	Number of wooden furniture and person engaged 2011	61
5.10	Number of Saw mill and person engaged 2011	61
5.11	Number of auto rice mill and person engaged 2011	62
5.12	Number of semi-auto rice mill and person engaged 2011	62
5.13	Number of rice mill and person engaged 2011	63
5.14	Number of oil mill and person engaged 2011	63
5.15	Number of bakery and person engaged 2011	64
5.16	Number of pottery and person engaged 2011	64
5.17	Number of printing press and person engaged 2011	65
5.18	Number of tailoring shop and person engaged 2011	65
5.19	Number of garments factory (for local use) and person engaged 2011	66
5.20	Number of cold storage and capacity in following years.....	66
5.21	Number of flour mill and person engaged 2011.....	67
5.22	Number of plastic industry and person engaged 2011	67

Chapter : 6 Education

6.01	Literacy (7+) rate of 2001 & 2011	71
6.02	Number of Government primary school, teacher and student 2011	71
6.03	Number of registered primary school, teacher and student 2011.....	72
6.04	Number of private (non-registered) primary school, teacher and student 2011	72
6.05	Number of kindergarten school (pre schooling), teacher and student 2011.....	73
6.06	Number of NGO school, teacher and student 2011	73
6.07	Number of Government secondary school, teacher and student 2011.....	74
6.08	Number of Non-government secondary school, teacher and student 2011	74
6.09	Number of school & college (operating jointly), teacher and student 2011	75
6.10	Number of Government college, teacher and student 2011	75
6.11	Number of Non-government college, teacher and student 2011.....	76
6.12	Number of madrasah, teacher and student under the Madrasah education board 2011.....	76
6.13	Number of kawmi madrasah, teacher and student 2011.....	77
6.14	Number of ebte dayee madrasah, teacher and student 2011	77
6.15	Number of technical and vocational institution, teacher and student 2011	78
6.16	Number of medical college, teacher and student 2011	78
6.17	Number of agricultural and veterinary college, teacher and student 2011	79
6.18	Number of engineering college, teacher and student 2011	79
6.19	Number of (Public or Private) University, Teacher and Student 2011.....	80

Chapter: 7 Health and Social Welfare

7.01	Number of Government health complex and health personnel 2011	83
7.02	Number of private hospital/clinic and related health personnel 2011	83
7.03	Number of diagnostic centre and related health personnel 2011	84
7.04	Number of missionary hospital and charitable dispensary 2011	84
7.05	Number of physician/practitioner in the upazila/city corporation 2011	85
7.06	Number of health centre, providing health and family planning service 2011	85
7.07	Number of existing family planning personnel 2011	86
7.08	Status of family planning activity 2011	86
7.09	Number of cooperative society and member 2011	87
7.10	Number of Government office, post office, bank, NGO and dak-banglow/rest house 2011	87
7.11	Number of cinema hall, registered club, auditorium, public library and orphanage 2011	88
7.12	Number of different club 2011	88
7.13	Number of hat-bazar, growth centre, hotel & restaurant 2011	89
7.14	Number of warehouse and their storage capacity 2011	89
7.15	Progress of rural electrification 2011	90
7.16	Number of technical personnel 2011	90
7.17	Number of community clinic and person engaged 2011	91

Chapter : 8 Transportation and Communication

8.01	Length of metalled, semi metalled and unmetalled road 2011	95
8.02	Length of railway line, water way 2011	95
8.03	Length of embankment road & canal 2011	96
8.04	Number of bridge, culvert, pool, shako, etc 2011	96
8.05	Number of railway station, steamer/launch station and bus stand 2011	97
8.06	Number of registered rickshaw, van, easy bike and auto-rickshaw 2011	97
8.07	Number of non-registered rickshaw, van, easy bike and auto-rickshaw 2011	98

Chapter : 9 Price and Wage

9.01	Average price of selected item 2011	101
9.02	Annual average wholesale price of selected building material 2011	101
9.03	Daily average wage rate of agricultural labour 2011	102
9.04	Daily average wage rate of construction labour 2011	102
9.05	Daily average wage rate of non-agricultural labour 2011	103
9.06	Average doctor's fee per patient 2011	103

Chapter : 10 Urban Area Statistics

10.01	Number of thana, ward, mahalla, household and population by city corporation 2011	107
10.02	Number of ward, mahalla and household by municipality 2011	107
10.03	Area, population and density by municipality 2011	107
10.04	Number of primary school, teacher and student by municipality/ city corporation	

2011.....	107
10.05 Number of secondary school, teacher and student by municipality/ city corporation 2011.....	108
10.06 Number of School & Colleges (operating jointly), Teachers and Students 2011.....	108
10.07 Number of college, teacher and student by municipality/ city corporation 2011	108
10.08 Number of vocational institute by municipality/ city corporation 2011	109
10.09 Number of family planning clinical centre by municipality/ city corporation 2011 ..	109
10.10 Number of family planning personnel working by municipality/ city corporation 2011	109
10.11 Number of fire service unit and causality by municipality/ city corporation 2011.....	110
10.12 Cinema hall with audience capacity by municipality/ city corporation 2011	110
10.13 Institutional accommodation facility by municipality/ city corporation 2011	110
10.14 Other accommodation facility by municipality/ city corporation 2011	111
10.15 Police personnel and criminal offences by municipality/ city corporation 2011	111
10.16 Medical institution and personnel by municipality/ city corporation 2011	111

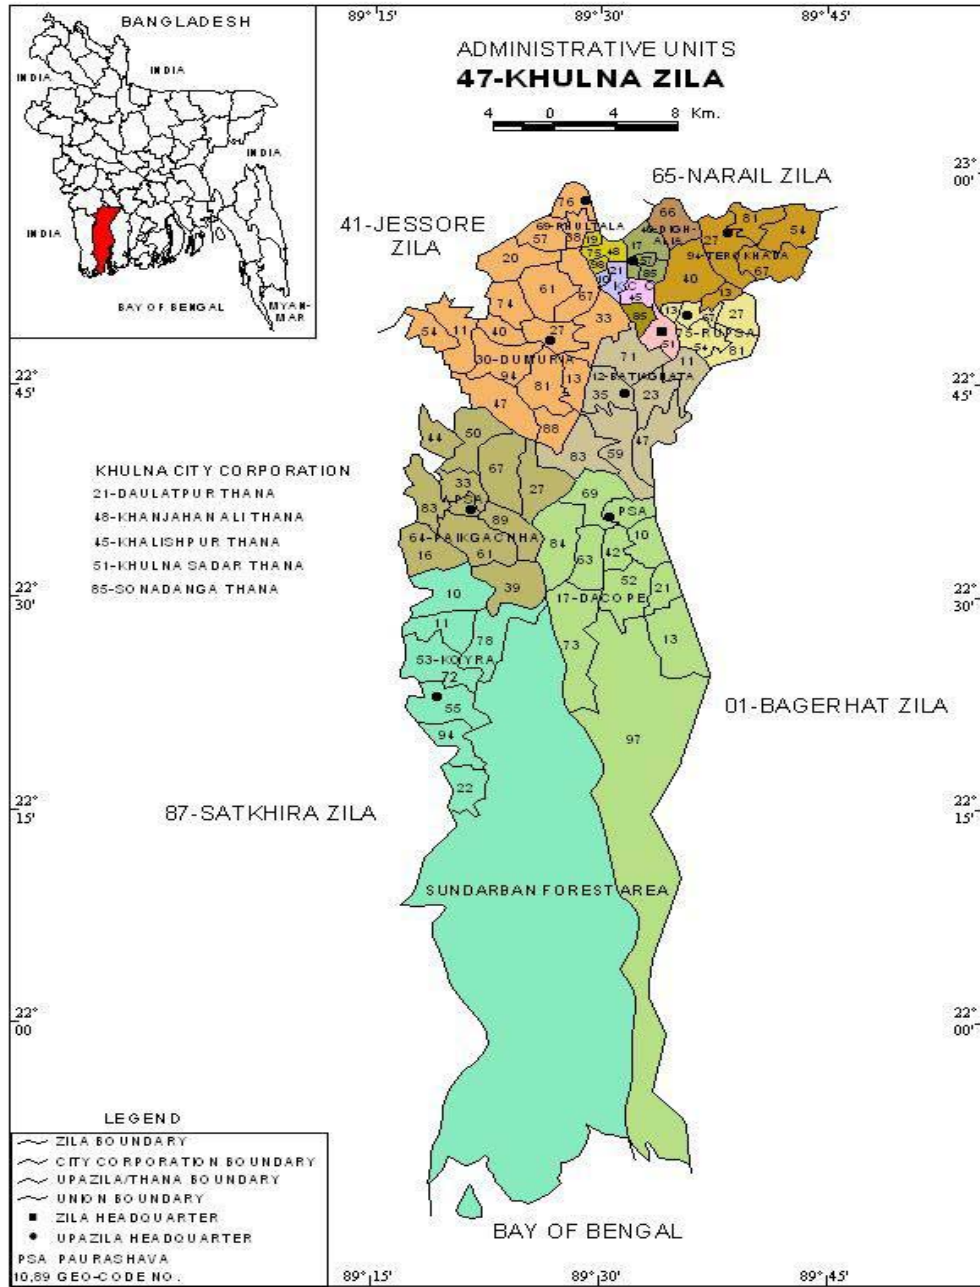

Chapter : 11 Public Administration, Accounts and Banking

11.01 Sanction post of Government employee by category 2011	115
11.02 Existing position of Government employee by category 2011	115
11.03 Number of employee by type 2011	116
11.04 Number of employee by local Government institution 2011.....	116
11.05 Number of branch of nationalized commercial bank 2011	117
11.06 Number of branch of private commercial bank 2011	117
11.07 Number of branch of specialized (Krishi, Co-operative, etc.) bank 2011	118
11.08 Number of branch of foreign bank (standard chartered, American express etc.) 2011	118
11.09 Number of branch of Grameen bank 2011	119
11.10 Number of insurance company 2011	119
11.11 Number of co-operative society 2011	120
11.12 Number of money exchange agency 2011.....	120
11.13 Number of branch and accounts of Sonali and Janata bank 2011	121
11.14 Number of branch and accounts of Rupali and Agrani bank 2011	121
11.15 Number of branch and accounts of Pubali and Uttara bank 2011	122
11.16 Number of branch and accounts of Krishi and Co-operative bank 2011	122

Chapter : 12 Miscellaneous

12.01 Number of Government health complex and health facility 2011	125
12.02 Number of Non-Government health complex and health facility 2011	125
12.03 Number of person/institute borrowing money from nationalized bank 2011	126
12.04 Number of person/institute borrowing money from private commercial bank 2011 ...	126

CHAPTER: 1
Introduction

District at a Glance

Geographic Area and Location: Khulna district was established in 1882. It is situated between 22°12' and 23°59' north latitudes and between 89°14' and 89°45' east longitudes. The district is bounded on the north by Jessore and Narail districts, on the east by Bagerhat district, on the south by the Bay of Bengal and on the west by Satkhira district. The total area of the district is 4389.11 sq km. of which 607.80 sq km is riverine and 2028.22 sq km. is under forest. Khulna district constitutes 2.97% of the area of the country. In respect of area, it ranks 1st among the 10 districts in Khulna division and 4th among the 64 districts of the country.

Marks of War of Liberation: Sculpture 1 (Bir Bangali), Monument 5, Mass grave 3.

Religious Institutions: There are 2047 mosque, 749 eid gah, 4 tomb, 966 temple, 32 church, 3 place of pilgrimage and 1 monastery in the district

Administrative Units: The district headquarter is located in Khulna city corporation. There are 9 upazilas and 5 thanas (under City Corporation), 67 unions, 49 wards, 695 mauzas and 204 mahallas in the district.

Household and population: According to the population census 2011, total number of households of Khulna district was 547 thousand which was 1.70% of total households of the country. The total number of population of the district was 2313 thousand which was 1.60% of total population of the country. Except city corporation among the nine upazila Dumuria upazilas had the highest population of 305 thousand while Phultala upazila had the lowest population 83 thousand

Educational Institutions: University 2, university college 1, medical college 1, teachers' training college 1, regional public administration training institute 1, technical & vocational institute 24, vocational institute 1, homeopathic college 1, social welfare training centre 1, Madrasah 284, government college 8, non-government college 62, government. secondary school 9, non-government secondary school 361, lower secondary school 09, government primary school 625, registerd primary school 480, non-registerd primary school 83, community primary school 83, satellite primary school 63, NGO operated school 227, primary teachers' training institution 1.

Locally Published Newspapers and Periodicals: Dailies: Tribiun, Samoyer Khabor, Janmobhumi, Anirban, Probaho, Purbanchal, Janabarta, Tatthya, Probartan, Rajpathar Davi, Satya Khabar, Hizbullah, Pathaker Kagoz, Juger Sathi, Kalantor, Viswabarta, Mail; Weeklies: Khulna, Rupsa, Padoddhoni, Chhayapath, Ganobani; Periodicals: Purushottomadyuti, Shikar, Padatik. Extinct Periodicals: Agami, Ityadi, Deshkal.

Historical Events: In 16 December 1971, Independent Bangladesh was established but Khulna was under the control of Pakistani Army. Next on 17 December as the Pakistani Army surrendered in the Circuit House ground, Khulna got her Independence. Pir Khan Jahan Ali came to preach Islam in this district about 400 years ago. In 1926 Mahatma Gandhi came to Khalishpur to inspire the Swadeshi Movement.

Cultural Organizations: Club 602, public library 5, museum 1 (Khulna Divisional Archaeological Museum), drama stage 5, cinema hall 13, theatre group 109, magic organisation 3, literary society 15, cultural organisation 20.

Main Crops: Paddy, jute, sesame, betel nut, and vegetable.

Main Fruits: Jackfruit, mango, banana.

Traditional Transport: Palanquin (extinct), horse carriage and bullock cart (nearly extinct), and boats.

Manufacturing Industries: Jute mill, match factory, shipyard, steel mill, cable mill, rice mill, flour mill, ice factory, press mill, saw mill etc.

Cottage Industries: Handloom, bamboo work, goldsmith, potteries, carpenter, tailoring.

Main Export Items: Paddy, rice, jute, sesame, betel nut, gur, mango, jackfruit, prawn.

NGO Activities: BRAC, Rupantor, CSS, Care, Prodipan, Nijera Kari, ASA, Caritas, Progoti.

Health Centres: Medical college hospital 1, district sadar hospital 1, upazila health complex 9, TB hospital 1, infectious disease hospital 1, Christian missionary hospital 1, Salvation Army (NGO) hospital 1, chest disease niramoy centre 1, railway hospital at kopilmuni 1, jail hospital 1, police hospital 1.

Soil Condition: The soil of the district is divided into three groups viz.: (a) Black brown peat (b) Dark grey clay and (c) Sulphate grey silty clay. The northern part of the district has black brown peat soil and the central part has saline dark clay of the old Ganges tidal flood- plain. The southern part of the district has tidal flood-plain with acid sulphate silty grey clay.

Climate: The district has a hot summer and a mild winter. The summer begins from the middle of April and continues till the middle of June. The winter starts from November and continues till February. According to the Meteorological Department report of 2011, the monthly average maximum temperature rises up to 31.1°C during the month of May. The monthly average minimum temperature falls down to 21.8°C in the month of January. The level of humidity rises to 89 percent in the month of July which commences from the middle of June and continues till the end of September. The rainfall is generally heavy in the month from June to September. Annual rainfall recorded in 2011 was 162.3 millimeters.

River System: The district has a net work of rivers which plays a vital role in the economy. The main rivers flowing through the district are the Koputaksha, the Rupsha, the Pasur, the Kazibacha, the Sibsha, the Bhadra, and the Sutarkali. All the rivers are connected with streams and canals and fall into the Bay of Bengal. These waterways are the main media for communication. They are tidal and navigable throughout the year. Total area of the rivers is about 607.80 sq.km which is about 13.84% of total area of the district.

Economic situation: The economy of Khulna is predominantly agricultural. But its economy is also dependent on the Sundarbans and Mongla port. According to the current agriculture census the

total holdings of the district is 503 thousand of which 41.31% holding are farms those produce varieties of crops, namely local and HYV paddy, wheat, jute, vegetables, spices, pulses, oilseeds, sugarcane and others. Various fruits like mango, banana, Jackfruit guava, coconut and betel nut etc. are grown. Fish of different varieties abound in the district as in other parts of the country. Varieties of fishes caught from rivers, tributaries, channels and creeks and even from paddy field during the rainy season. Besides crops, livestock and fishery are main source of household income.

There are a number of Jute mills which plays a vital role in the economy. The status of non-agricultural activities are low in the district. The following table based on the 2001-03 Census of Non-farm Economic Activities indicates the broad types of Non-farm Economic Activities that are developing in the district.

The table-1 shows the type and number of establishments along with persons engaged in those establishments is given below:

Table-1: Number of Establishments and Persons Engaged by Activity

Code	Activity	Establishments			Persons engaged		
		Total	Urban	Rural	Total	Male	Female

Khulna District		80357	51416	28941	220109	197328	22781

Flora and Fauna: Khulna district lies on the south western part of the country and falls under the Gangetic plain with fertile land, is very rich in respect of flora and fauna. More than one third of the district southern part is covered by thick forest of mangroves, canes creepers and other trees thriving on muddy saline trees which are the most valuable and beautiful of all the trees in the forest. The district faces flood during the monsoon almost regularly. Its impact is however very much felt in the flora and fauna of the district.

Flora: The eastern boundary of the forest in the district extends beyond the eastern boundary line of the district into Bagerhat district while the western one extends beyond the western boundary

line of Satkhita district. The southern boundary of the forest is the Bay of Bengal. The Sunderbaons is the largest forest in the country.

The most important of the forest trees is the sundari (*Mallotus philippensis*). The colour of this wood is reddish which is very soothing to the eye. Because of its durability it has a great demand. It can tolerate saline water but attains full height on the bank of sweet water rivers like 'Sela' and 'Passur' and are available in large quantity. Its timber is very durable and has great demand for posts and planks. The amur (*Amoor Cucullate*) and dhundhul (*Xylocarpus granatum*) have a similarity with "Pasur" but they are of inferior quality and as used sometimes for making house posts. Small amoor trees are used for making "Hookka" (local smoking pipe) stems. One of the largest of the Sundarban trees is bain (*Avicennia Officinalis*) tree. Generally it attains sixty feet in height with large girth. The wood is used for planking and as fuel. The flowers of the tree are small yellow and sweet smelling and afford a distinctive quality of honey. Other important trees are garjan (*Dipterocarpus turbinatus*), goran (*Ceriops roxburghiana*) and kankra (*Broguicra gyomosniza*). There is a great possibility of utilizing them for tanning purposes. Of them only kankra attains sufficient size and has some value as timber. The gewa (*Excecaria agallocha*) tree thrives in the most saline areas near the sea. Its wood is white hard and produces good timber. It is very much suitable for making match sticks and boxes and paper pulp. The most striking tree is keora (*Sonneratia Apetala*). Deer are specially fond of its leaves and fruits. They flock under its branches to eat its fruits and browse its leaves off as high as they can reach producing a uniform adrupt line along the grove where the foliage has been bitten off. The singra tree supplies best fire wood. The karanj (*Ponjgamia Glabra*) tree is large in size grows on high river banks.

The hental (*Rhoenix Paludosa*) and the golpatta (*Nipa fruticans*) are found in muddy areas everywhere. The hental resembles a dwarf date-palm and rafters are made from it. The golpatta is regarded as one of the most important products and its leaves are used for thatching houses.

Except the Sundarbans the flora of the district is similar to those in the adjoining district. Innumerable indigenous weeds grow in the beel area. Several types of palms and bamboo clumps grow almost all the villages. Mango and Jack fruits supply timber and are used for making doors, windows, boxes, etc.

Fauna

Mammals: Khulna district has a rich diversity of land invertebrate mamals, amphibians birds, replies and fresh water animals, spider, multipedes and innumerable insects. Leeches, earth worm slugs, snails, silk moths and silk worm are commonly found in the district.

The Sundarban is rich in wild animals. The Royal Bengal Tiger (*Panthera tigris*) is famous for its large size, strength and colourful stripped body is the lord of the Sundarbans. The most important of other fauna of the forest is spotted or chitra deer. Flocks of deer are found in moonlit night grazing eating keora fruit dropped by monkeys. Monkey (*Macaca mullata*) literally rule over the trees. Several kinds of serpents including poisonous cobra (*Naja naja*), marait, rajshap and non-poisonous python (*Python molunrus*), dhora (*Xenocrophis piscator*), grass snake are seen everywhere creeping in the grass and from tree to tree and place to place. It is said that there were

plenty of rhinoceros in the Sundarbans but now they are hardly seen. Animals which are common all over the district are jackal (*Canis aureus*) wild hog, porcupine civet cat, wild cat (*Felis chaus*), tree cat, etc.

Carnivorous animals includes fox (*Vulpes bengalensis*), dog, boar, pig, etc. Domestic cow (*Bos pourus*), goat (*Capra hircus*), sheep, buffalo (*Bison bison*) and horses are quite common in the district. Bats (*Pteropus giganteus*), shrews, squirrels, rats mice, cats and wild cats are also found in the district.

Birds: The district affords a very lucrative place to game birds hunters. At the advent of winter season snipes, ducks, and geese begin to flock on beel and char areas. Other common birds are crow (*Corvus splendens*), vulture (*Gyps bengalensis*), sparrow (*Passer domesticus*), cuckoo (*Cuculus micropterus*), king fisher (*Alcedo atthis*), bulbul (*Picnonotus cafer*), parrot (*Psittacula krameri*), tailorbird and lark.

Many kinds of colourful and singing birds are seen in the district. These include the national bird magpie robin (*Copsychus saularis*), kokil (*Cuculus micropterus*) halde pakhi (*Oriolus xanthornus*), kingcrow (*Dicrurus adsimilis*), mayna (*Sturnus malabarica*), shalik (*Acridotheres tristis*), shama (*C. malabaricus*), sparrow (*Passer domesticus*), several species of pheasants, quails (*Eudynamis scolopacea*), pigeons and doves, duck, geese, balihash (*Nettapus*) cocks and hens, kingfisher (*Alcedo atthis*), lark, swallow, crow (*Corvus splendens*), crane, pelicans, woodpecker and many other varieties of small birds. Raptorial birds including king vulture (*Gyps bengalensis*), lanner falcon or baj (*Falco biarmicus*), gochila (*Circus aeruginosus*) cheel (*Milvus migrants*), several species of stork. Some migratory birds like greenleg ghoose (*Anser anser*), rajhans (*Anser Indicus*), pitail (*Anas acuta*), etc. are also seen during winter season.

Fish: With large water area the district is well stocked with fish. Some of the commonly available fishes are ruhi (*Labeo rohita*), mrigel (*Cirrhinus mrigala*), kalbous (*Labeo calbasu*), katla (*Catla catla*), etc. Singi (*Heteropneustes fossilis*) and magur (*Clarias batrachus*) are also found in large quantity in beels and khals. Many other species of river and fresh water fishes are also found in the district. Of these the principal varieties are koral/vetki (*Lates calcarifer*), tapasi (*Polynemus paradiseus*), dhain, chital (*Notopterus chitala*), ghona, airh (*Mystus aor*), bagair (*Bagarius bagarius*), pangas (*Pangasius pangasius*), boal (*Wallago attu*), ritha (*Rita rita*), bain (*Mastacembelus armatus*) or eel chapila (*Gudusia chapra*), bhagna (*Lebea boga*), nandail (*Labeo nandina*), bacha (*Eutropichthys vacha*), pon, gargla (*Arius gagora*), kaulia kapali, khorsol (*Mugilcorsula*) mehsir, golsa (*Mystus bleekeri*), tengra (*Mystus vittatus*), chanda (*Mene muculata*), tekchanda (*Gerres argyreus*), kachki (*Corica soborna*), bele (*Awaous gutum*), bheda (*Nandus nandus*), batashai (*Pseudotropius atherinoides*), ghausa, kakila (*Strogylura strogylura*), phali (*Notopterus notopterus*), tatkeni (*Crosscheilus latius*), pabda (*Ompok pabda*), chela (*Chela atpar*), gangchela, gajal, foli, koi (*Anabas testudineus*), khalisha (*Colisa fasciata*), puti (*Barbus punctatus*), malandi, banshpata (*Danio devario*), lengra, kakara (*Scylla oceanica*), meai, shrimps and prawn are found in the district. However, some of these varieties, specially those which inhabit in marshes and tank, are dwindling due to over catching and other reasons such as use of insecticides and pesticides for crop production, etc.

Exotic fishes like grass carp (*Ceteopharyngodon idella*), silver carp (*Hypophthalmichthys molitrix*), telapia (*Oreochromis mossambicus*), nilotica (*Oreochromis niloticus*) etc. have been introduced for commercial pisciculture in ponds and tanks. Khulna district is renowned for its shrimp culture in *gher*.

Reptiles and amphibians: Crocodiles and sharks swarm in the river beds, butterflies, moth, bees and wasps fly from flowers to flowers especially in the spring to gather honey. The reptiles include different species of snakes, lizard and tortoise. Guisap, iguana python, cobra and other varieties of poisonous snakes are found almost all over the district. There are also amphibians like toad, frogs and tree frogs.

Concepts and Definitions

1. Population and Housing Census 2011

The population and housing census is the unique source of reliable and comprehensive data about the size of the population of the country, major socio-economic and socio-demographic characteristics.

It is the total process of collecting, compiling, evaluating, analyzing and publishing or otherwise disseminating demographic, economic and social data pertaining, at a specified time, to all persons in a country. The essential features of a population census are individual enumeration, universality within a defined territory, simultaneity and defined periodicity.

The population and housing census provides information on the geographic and administrative distribution of the population and household in addition to the demographic and socioeconomic characteristics of all the people in the country. The data from the census are classified, tabulated and disseminated so that political leaders, election officials, planners, national organizations including NGOs and civil society, regional and international organizations can use the data in decision-making.

The purpose of community report is to disseminate census data by communities (ward/mahalla in urban area and union/mauza/village in rural area). Data on all key variables namely area, household, population by sex and age group, ethnic population, literacy rate, marital status, school attendance, employment status and religion as well as physical facilities such as source of drinking water, sanitation, electricity and dwelling units have been presented in this report. The planners, researchers and policy makers as well as development partners and community administrators will find this report as a valuable reference for use in advising plans and programs for advancing welfare and well-being of the common people, in particular and the community in general.

Household

Persons, either related or unrelated, living together and taking food from the same kitchen constitute a household. A single person living and eating alone forms one-person household.

Literacy

It denotes ability to write a letter in any language. Literacy status assessment is made for population 7 years and over.

Community

It refers to the following five lower geographic, administrative or revenue units:

- i) **Union:** Smallest administrative rural geographic unit comprising of mauzas and villages and having union parishad institution.
- ii) **Mauza:** Mauza is the lowest administrative unit having a separate jurisdiction list number (J.L. No.) in revenue records. Every mauza has its well-demarcated cadastral map. Mauza should be distinguished from local village since a mauza may consist of one or more villages.

- iii) **Village:** Lowest rural geographic unit either equivalent to a mauza or part of a mauza.
- iv) **Ward:** Smallest administrative urban geographic unit comprising of mahallas and having ward council institution.
- v) **Mahalla:** Lowest urban geographic unit having identifiable boundaries.

Urban Area

It corresponds with area developed around a central place having such amenities as metalled roads, improved communication, electricity, gas, water supply, sewerage, sanitation and also having comparatively higher density of population with majority population in non-agricultural occupations.

i) City Corporation: It includes city corporation area declared by the Ministry of Local Government.

ii) Paurashava/Municipality Area: It includes paurashavas incorporated and administered by local government under Paurashava Ordinance, 1977.

2. Agriculture Census year and reference period

The census year extends over twelve consecutive months having for different census items the different reference periods or days of data collections. Some items have a year or week reference period. Some others have a specific reference day.

The census year covered twelve months from 1 Baishak to 30 Choitra, 1414 Bangla Shal (BS). This year was the reference period for such census items as operated land use, crops, agriculture employment, livestock & poultry deaths and agriculture loan. A single reference day was used for items like holdings, farm size, land tenure, farm population, livestock & poultry inventories and agriculture implements.

The different census items by their reference periods or days are shown below:

Agriculture holding

An agriculture holding is a techno-economic unit of agricultural production under single management comprising all livestock kept and all land used wholly or partly for agricultural production purposes without regard to title, legal form or size. Single management may be exercised by either an individual holder or jointly by two or more individuals or holders or by a judicial person such as a corporation, co-operative or government agency. A holding may consist of one or more parcels (fragments of land) located in one or more areas or mauzas or in more than one administrative unit or division provided that all separate parcels of fragments form parts of same technical unit under operational control of same management.

The definition covers practically all holdings/households engaged in agricultural production of both crops and livestock. Some agriculture holdings may have no significant agricultural land, e.g. holdings keeping livestock, poultry and hatcheries for which land is not an indispensable input for production.

Farm holding

A farm holding is defined as being an agricultural production unit having cultivated land equal to or more than 0.05 acres. Farm holdings are classified into following three broad groups:

- (a) **small:** Farm holdings having minimum cultivated land 0.05 acre but operated land more than this minimum but upto 2.49 acres.
- (b) **medium:** Farm holdings having operated land in between 2.50 to 7.49 acres.
- (c) **large:** Farm holdings having operated land 7.50 acres and above.

Small cultivated land 0.04 acre or less is generally used for kitchen garden growing mainly vegetables. Often seeds of white gourd, water gourd, pumpkin and other strains are sown on households; but these creepers spread out around house roofs and other structures. As such, the minimum cultivated land considered for qualifying to be a farm holding is 0.05 acres.

Non-farm holdings

A non-farm holding is defined as being the one which has neither cultivated nor operated land or has cultivated land less than 0.05 acre.

Tenancy

Owner holdings are those having and operating their owned land and who may or may not be leasing out land.

Tenant holdings are those having no owned land but operating land taken from others on share cropping basis or on other terms.

Owner-cum-tenant holdings are those having owned land and who may or may not be leasing out their own land to others and who may be taking land from others on share cropping basis or on other terms.

Agriculture work

Agriculture work signifies all activities of holder and his/her labour force doing planning, management, and operation of a holding. It includes land preparation, sowing, weeding, harvesting, feeding and tending livestock & poultry, kitchen gardening, supervising agricultural workers, keeping farm records & accounts, preparing agriculture products for marketing (including packaging), repairing farm equipment, constructing farm buildings & fences, and engaging in land reclamation and improvement and other related activities. It excludes home and other family domestic chores.

Area under pond

The pond area remains under water almost through out the year. Normally, households use pond water for various domestic and sometimes agriculture purposes. Ponds are also generally used for fish culture.

In the census the pond area data were collected separately for both single ownership and joint ownership of households.

Area under temporary crops

It is the land area planted to crops having growing cycle or length of life less than one year. These are the temporary crops such as paddy, wheat, jute, cotton, tobacco, sugarcane, pulses, oil seeds, potato, vegetables and other seasonal crops. A list of temporary crops for which data were collected separately was given in back page of "Tally Sheet". The minimum area recorded for a temporary crop was 0.01 acre. Area under temporary crops and temporary-crops net area are equivalents.

Area under permanent crops

It is the land area planted to crops which remain standing for a long period of time and do not need to be replanted after a seasonal harvest. Mango, jackfruit, coconut, guava, lemon, and other fruit varieties are all permanent crops.

Current fallow

It is land brought into cultivation but left out uncultivated in census year for fertility regaining and improvement or for other reasons.

Net cultivated area

This is land area actually cropped during the census year regardless of number of crops grown plus current fallow. It includes areas under temporary and permanent crops and also current fallow.

Permanent fallow

It is land not available for cultivation due to coming into residence and commercial & other uses. Play ground, graveyard, wild shrubs and jungles, marshy land, and the like fall in this category.

Irrigated area

This is area of total land brought under irrigation coverage for growing crops with irrigations done through mechanical or manual means. Irrigated area classifications fall into two categories: (1) surface water irrigation with main water sources being rivers, canals, beels, ponds, and other water bodies; and (2) underground water irrigation with water lifted by shallow tube-wells, deep tube-wells, and country traditional devices. The irrigation equipments are run by electricity, diesel or petrol, or manual labour.

Cattle and Buffalo

Cattle and buffalo heads owned by households on day of enumeration were counted.

Goats and Sheep

Goats and sheep owned by households on day of enumeration were counted.

Fowls, Ducks, and Pigeons

Fowls, ducks, and pigeons owned by households on day of enumeration were counted.

Temporary crops gross area

Areas aggregated for all temporary crops grown in the census year have made **temporary crops gross area** greater than **temporary crops net area** since the latter has within it the same land cropped more than once in different seasons of a year.

Intensity of cropping

It is percentage of temporary crops gross area in comparison with temporary crops net area. It is expressed as follows:

$$\text{Intensity of cropping} = \frac{\text{Temporary crops gross area}}{\text{Temporary crops net area}} \times 100$$

Cereals

Main cereals are rice and then wheat. Other cereals are jab, barley, cheena, maize, kaun, bajra and joar.

Pulses

Main and common pulses are gram, mung, lentil, arhar, gari kalai, khesari and pea.

Oil seeds

Main oil seeds are rape and mustard, sesamum, linseed, groundnut, soybean, sunflower and castor.

Vegetables

Farmers grow both summer and winter vegetables. Main vegetables are potato, brinjal, raddish, arum, lady's finger, cauliflower, cabbage, bean, tomato, patal, gourd, cucumber, pumpkin, knoll-kal-turnip, dhundal, barbati, khirai, chichinga, carrot, kakrol and sak.

Cash crop

Main cash crops are jute, mesta, sunhemp, cotton, sugarcane and tobacco.

Spices

The main spices include turmeric, ginger, chillies, onion, garlic, corriander, black cumin and ani seed.

Fuel crops

Dhaincha and other smaller plants used as cooking-fuel are included in the group.
