COMPLIMENTARY

This book or any portion thereof cannot be copied, microfilmed or reproduced for any commercial purpose. Data therein can, however, be used and published with acknowledgement of the sources.

Foreword

I am delighted to learn that Bangladesh Bureau of Statistics (BBS) has successfully completed the 'District Statistics 2011' under Medium-Term Budget Framework (MTBF). The initiative of publishing 'District Statistics 2011' has been undertaken considering the importance of district and upazila level data in the process of determining policy, strategy and decision-making. The basic aim of the activity is to publish the various priority statistical information and data relating to all the districts of Bangladesh. The data are collected from various upazilas belonging to a particular district.

The Government has been preparing and implementing various short, medium and long term plans and programs of development in all sectors of the country in order to realize the goals of Vision 2021. For any pragmatic approach in formulating and evaluating development plans and programs reliable statistics are indispensable. BBS has been performing the major responsibility of supplying comprehensive and accurate statistics at the national level.

The present government, in line with its commitment to decentralize administration, has declared upazila as the focal point of administration regenerating upazila parishad through participatory elections. However, upazila level official statistics are still very inadequate. It is praiseworthy that BBS has undertaken timely program of publishing 'District Statistics 2011' where data representing socio-economic characteristics of upazilas of all districts will be available. I am confident that this publication will be of invaluable help to the planners, administrators, researchers, field level officers as well as other users. Various government, non-government and international organizations closely related to policy formulation and implementation may also find this publication useful.

I sincerely thank Mr. Golam Mostafa Kamal, Director General, BBS for bringing out the publication of 'District Statistics 2011'. I hope that in future 'District Statistics' will be published in much more improved form to make it more effective and informative.

Dhaka
June, 2013

Md. Nojibur Rahman
Secretary
Statistics and Informatics Division
Ministry of Planning
Government of the People's Republic of Bangladesh

Preface

The 'District Statistics 2011' is mainly a compilation work of Bangladesh Bureau of Statistics (BBS). The decentralization policy of government has enhanced demand for timely, qualitative and comprehensive statistical data both for administrative and development requirements. The major regular publications of Bangladesh Bureau of Statistics like Statistical Pocketbook of Bangladesh, Statistical Yearbook of Bangladesh and Agricultural Yearbook of Bangladesh provide aggregate data mainly at the national and regional level. Data for smaller administrative unit like upazila often remains absent in such publications. The 'District Statistics 2011' emphasises to provide upazila level data.

The 'District Statistics 2011' provides both structural and flow-type information of almost all of the priority sectors of our national economy depending on data availability both from published and unpublished sources.

The publication of 'District Statistics 2011' would have not been feasible without the wholehearted co-operation of the various government, semi-government, autonomous, non-government offices and other organizations. In particular, the district and upazila level officials extended their total support and supplied all data. I like to express my sincere thanks to them and hope such co-operation will continue in future.

I am obliged and grateful to Mr. Md. Nojibur Rahman, Secretary, Statistics and Informatics Division (SID) for his enormous support and advice to prepare and to finalize this important publication. My sincere thanks also go to all officers of SID for their wholehearted support and sincere co-operation towards accomplishing this document.

I acknowledge the contributions of Mr. Md. Mizanur Rahman, Deputy Director General, BBS and Mr. Ghose Subobrata, Director, FA & MIS, BBS during development of the Document.

The regional and upazila statistics offices of BBS actively participated in preparation of the report. I thank them all. Finally, I thank Mr. Nasir Uddin Ahmmed, Deputy Director & Focal Point and staff members of Bangladesh Bureau of Statistics for their untiring efforts in making the 'District Statistics 2011' a success. Through user's interaction and feedback, we hope to improve the coverage and quality of information contained in this edition. Any suggestion for improvement of the publication will be highly appreciated.

Dhaka
June, 2013

Golam Mostafa Kamal
(Additional Secretary)
Director General
Bangladesh Bureau of Statistics

Acknowledgement

The report on ‘District Statistics 2011’ is the result of the initiative of the honorable Secretary, Statistics and Informatics Division (SID). Ex-Director General Mr. Md. Shahjahan Ali Mollah and the present Director General Mr. Golam Mostafa Kamal of Bangladesh Bureau of Statistics (BBS) have guided us in every steps of the journey to whom we remain grateful.

All the data providers of different offices/organizations of respective district and upazila deserve special thanks for their cooperation. We will be in need of such cooperation in future too and hope that the same hospitality will be received from them again.

I gratefully acknowledge the contribution of all members of Editors’ Forum and also of Project Directors’ Forum of BBS in editing this compilation work.

I acknowledge the contribution of Begum Aziza Parvin, Director, Computer Wing, Mr. Md. Mofizul Islam, Programmer and the members of data entry team.

I remember and acknowledge the hard work of Mr. Nasir Uddin Ahmmed, Deputy Director as well as Focal Point Officer for this activity. My sincere thanks also go to the respective Regional Statistical Officer, Upazila Statistical Officers and the employees of BBS.

I acknowledge the work of Mr. Md. Abdul Mannan, Administrative Officer, Mr. Mohammad Abdullah, Assistant Statistical Officer, Mr. Md. Yeasin Miah, Statistical Investigator and Mr. Abdul Malek, DEO for their sincere assistance to the Focal Point Officer in many possible ways. Officers and staff of Reproduction, Documentation and Publication Section of FA & MIS have contributed in printing the report in possible shortest time.

Finally, I want to be submissive that this work of compiling data from various secondary sources at district and upazila level is undertaken after a long time gap of almost 25 years. Some errors or unwilling mistakes may remain there in spite of our full hearted endeavor to make it an error free publication. It will be highly appreciated if any user kindly communicates any shortcomings of the report.

<i>Chapter 1: Introduction</i>		
	District at a Glance.....	3
	Concept and Defination.....	7
<i>Chapter 2: General Information</i>		
2.01	Broad classification of area 2011	13
2.02	Number of municipality, union, mauza, mahalla and village 2011	13
2.03	Number of household, population and density 2011	14
2.04	Population and literacy rate of 1981, 1991, 2001 & 2011 and number of voter 2011	14
2.05	Population by religion 2011	15
2.06(a)	Marital status of population (10 years and above) by upazila 2011	15
2.06(b)	Marital status of population (10 years and above) by upazila 2011	16
2.07	Percentage distribution of population by type of disability 2011.....	16
2.08	Number of religious institution by upazila 2011	17
2.09	Number of pond, dighee, flood camps/shelter, cyclone shelter, stadium/ playground, park/amusement park 2011.....	17
2.10	Number of filling station, fire brigade station, police station/camp, union land (tohsil) office, BOP (BGB camp), cyber cafe 2011.....	18
2.11	Number of growth centre, hat /bazar, poultry farm, dairy farm, nursery, horticulture centre, brick kiln, decorator service 2011.....	18
2.12	Name of land/river port, important or historical/tourist places/objects, important/famous crop or food production 2011	19
<i>Chapter 3: Meteorology</i>		
3.01	Temperature, rainfall, humidity in the following years	23
3.02	Occurrence of flood during the year 2008 -2011.....	23
3.03	Occurrence of river erosion in the following year 2008 -2011.....	23
<i>Chapter 4: Agriculture</i>		
4.01	Number of agriculture holding by tenure 2008	27
4.02	Total land area based on utilization 2008	27
4.03	Land utilization (temporary cropped area) 2008	28
4.04	Land area under irrigation for selected crops 2008	28

4.05	Cropped area sprayed with plant protection measures 2008	29
4.06	Number of holding reporting cattle heads 2008	29
4.07	Number of holding reporting selected livestock species 2008	30
4.08	Selected poultry/bird 2008	30
4.09	Area of high, medium and low land 2008	31
4.10	Broad soil classification 2008	31
4.11	Irrigation by means 2010-2011	32
4.12	Number of low lift pump scheme 2010-11	32
4.13	Number of deep tube-well scheme 2010-11	33
4.14	Number of selected agricultural machine 2008.....	33
4.15	Use of fertilizer 2010-11	34
4.16	Distribution of chemical fertilizer 2010-11	34
4.17	Distribution of hybrid paddy seeds by Government agency	35
4.18	Area and production of rice crops 2010-11	35
4.19	Area and production of rice crops 2009-2010	36
4.20	Area and production of wheat jute and sugarcane crops 2010-11	36
4.21	Area and production of wheat jute and sugarcane crops 2009-10	37
4.22	Area and production of lentil (masur), mug and maize crops 2010-11	37
4.23	Area and production of lentil (masur), mug and maize crops 2009-10	38
4.24	Area and production of pulses by type 2010-11	38
4.25	Area and production of potato by type 2010-11	39
4.26	Area and production of potato by type 2009-10	39
4.27	Area and production of oilseeds by type 2010-11	40
4.28	Area and production of oilseeds by type 2009-10	40
4.29	Area and production of pepper, onion and garlic 2010-11	41
4.30	Area and production of pepper, onion and garlic 2009-10	41
4.31	Area and production of turmeric and ginger 2010-11	42
4.32	Area and production of turmeric and ginger 2009-10	42
4.33	Area and production of tomato, radish and bean 2010-11	43
4.34	Area and production of tomato, radish and bean 2009-10	43
4.35	Area and production of pumpkin, parble (potol) and cabbage 2010-11	44
4.36	Area and production of pumpkin, parble (potol) and cabbage 2009-10	44
4.37	Area and production of brinjal, lady's finger and arum 2010-11	45
4.38	Area and production of brinjal, lady's finger and arum 2009-10	45
4.39	Area and production of cauliflower and cucumber 2010-11	46
4.40	Area and production of cauliflower and cucumber 2009-10	46
4.41	Area and production of papaya, guava, lime and lemon 2010-11	47
4.42	Area and production of papaya, guava, lime and lemon 2009-10	47
4.43	Area and production of jackfruit, banana and pineapple 2010-11	48
4.44	Area and production of jackfruit, banana and pineapple 2009-10	48
4.45	Area and production of mango, litchi and blackberry 2010-11	49
4.46	Area and production of mango, litchi and blackberry 2009-10	49
4.47	Area and production at water melon/melon (bangi) in following years	50
4.48	Number and area of pond, dighee and other area 2010-2011.....	50

Chapter 5: Industry

5.01	Number of selected industry by upazila 2011.....	53
5.02	Number of small scale and cottage industry by type 2011	53
5.03	Number of establishment and person engaged in cottage industry 2011	54
5.04	Employment status in handloom industry 2011	54
5.05	Number and persons engaged in bamboo and cane industry 2011	55
5.06	Number of wooden furniture and person engaged 2011	55
5.07	Number of Saw mill and person engaged 2011	56
5.08	Number of semi-auto rice mill and person engaged 2011	56
5.09	Number of semi-auto rice mill and person engaged 2011	57
5.10	Number of rice mill and person engaged 2011	57
5.11	Number of bakeries and person engaged 2011	58
5.12	Number of pottery industry and person engaged 2011	58
5.13	Number of printing press and person engaged 2011	59
5.14	Number of tailoring shop and person engaged 2011	59
5.15	Number of flour mill and person engaged 2011	60

Chapter 6: Education

6.01	Literacy (7+) rate of 2001 & 2011	63
6.02	Number of government primary school, teacher and student 2011	63
6.03	Number of registered primary school, teacher and student 2011.....	64
6.04	Number of private (non-registered) primary school, teacher and student 2011 ...	64
6.05	Number of kindergarten school (pre schooling), teacher and student 2011.....	65
6.06	Number of NGO school, teacher and student 2011	65
6.07	Number of government secondary school, teacher and student 2011.....	66
6.08	Number of non government secondary school, teacher and student 2011	66
6.09	Number of Government college, teacher and student 2011	67
6.10	Number of Non government college, teacher and student 2011.....	67
6.11	Number of madrasah, teacher and student under the madrasah education board 2011	68
6.12	Number of kawmi madrasah, teacher and student 2011.....	68
6.13	Number of ebtedayee madrasah 2011	69
6.14	Number of technical and vocational institution, teacher and student 2011	69

Chapter 7: Health and Social Welfare

7.01	Number of Government health complex and health personnel 2011	73
7.02	Number of private hospital/clinic and related health personnel 2011	73
7.03	Number of diagnostic and related health personnel 2011	74
7.04	Number of physician practices in the upazila 2011	74
7.05	Number of family planning personnel by type 2011	75
7.06	Status of family planning activities 2011.....	75
7.07	Number of cooperative society and member 2011	76
7.08	Number of Government office, bank, NGO's and dak-banglow/rest house 2011	76
7.09	Number of cinema hall, registered club, auditorium, public library and orphanage 2011	77

7.10	Number of hat/bazaar, growth centre, hotel & restaurant 2011	77
7.11	Number of godown and their capacity 2011	78
7.12	Status of rural electrification 2011	78
7.13	Number of agricultural holding per Agriculture service personnel 2011	79

Chapter 8: Transportation and Communication

8.01	Length of metalled, semi metalled and unmetalled road 2011	83
8.02	Length of railway, water way 2011	83
8.03	Length of embankment road & canal 2011	84
8.04	Number of bridge, culvert, shako and pool 2011	84
8.05	Number of railway station, steamer/launch station and bus stand 2011	85
8.06	Number of registered rickshaw, van, easy bike and auto rickshaw 2011	85
8.07	Number of non-registered rickshaw, van, easy-bike and auto rickshaw 2011	86
8.08	Number of customer care service centre by cell phone operator 2011	86

Chapter 9: Price and Wage

9.01	Average price of some selected item 2011	89
9.02	Annual average wholesale price of selected building materials 2011	89
9.03	Daily average wage rate of agricultural labour 2011	90
9.04	Daily average wage rate of construction labour 2011	90
9.05	Daily average wage rate of non-agricultural labour 2011	91
9.06	Average doctors fee per patient 2011	91
9.07	Average rate of vehicle per kilo meter 2011	92

Chapter 10: Urban Area Statistics

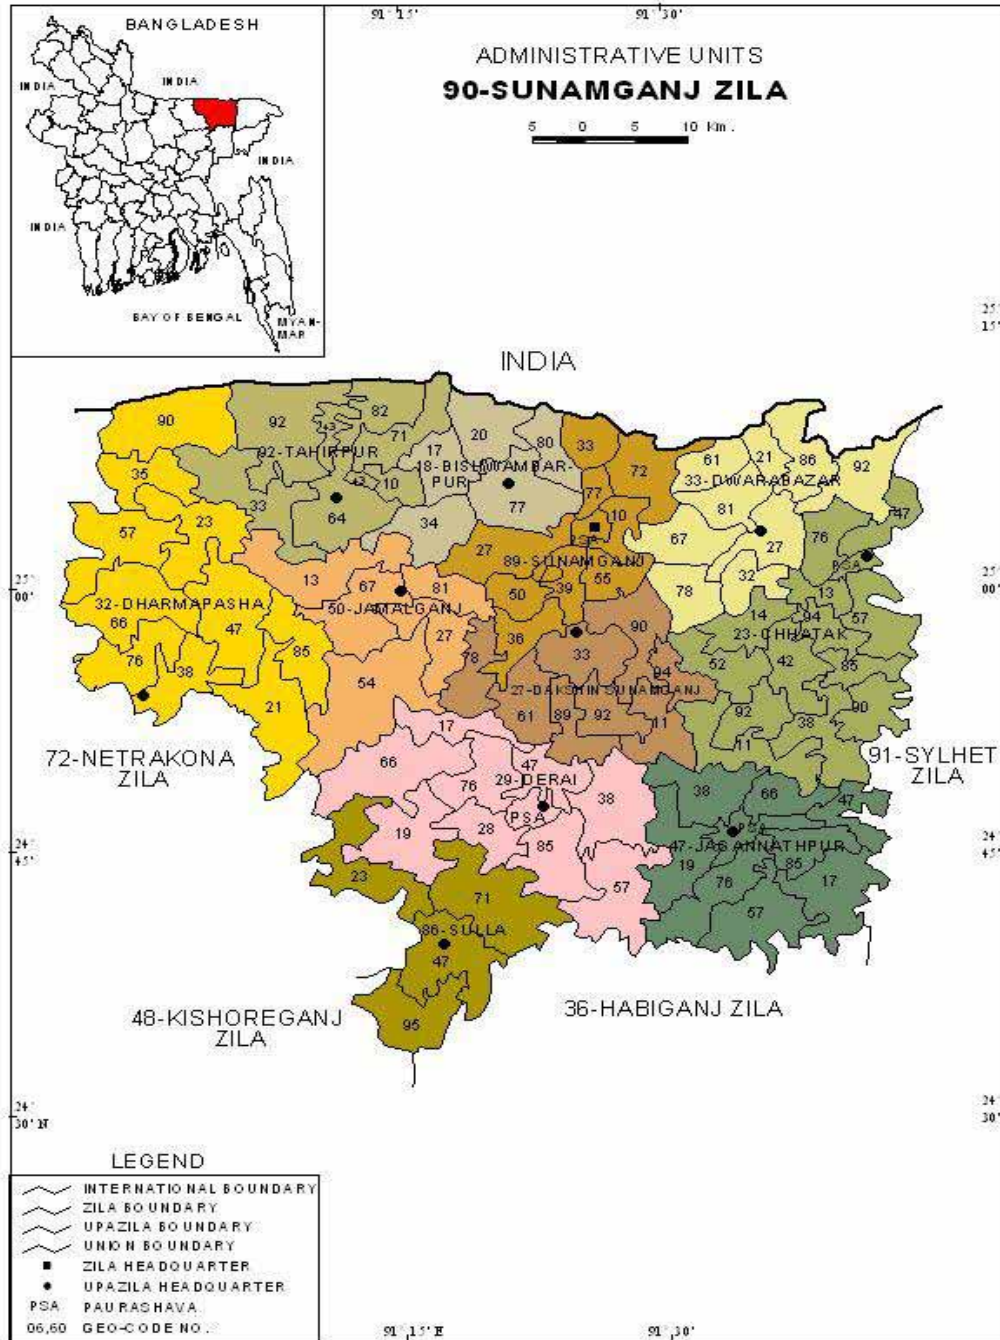

10.01	Number of ward, mahalla and household by municipality 2011	95
10.02	Area, population and density of population by municipality 2011	95
10.03	Number of primary school, teacher and student by municipality 2011	95
10.04	Number of secondary school, teacher and student by municipality 2011	96
10.05	Number of college, teacher and student by municipality 2011	96
10.06	Number of vocational institute by municipality 2011	96
10.07	Number of clinical centre for family planning by municipality 2011.....	97
10.08	Number of family planning personnel working by municipality 2011	97
10.09	Available resources for fire service and related casualty by municipality 2011	97
10.10	Number of cinema hall and seating capacity by municipality 2011	98
10.11	Number of published newspaper & television centre 2011	98
10.12	Institutional accommodation facility by municipality 2011	98
10.13	Police personnel and criminal offences by municipality 2011	99

Chapter 11: Public Administration, Accounts and Banking

11.01	Upazila wise sanction post of Government employee by category 2011	103
11.02	Upazila wise existing position of Government employee by category 2011	103
11.03	Upazila wise number of employee by type 2011	104
11.04	Upazila wise Number of local Government employee by type 2011	104
11.05	Number of branch of nationalized commercial bank 2011	105

11.06	Upazila wise number of branch of private commercial bank 2011	105
11.07	Number of branch of specialized (Krishi, Co-operative, etc.) bank 2011	106
11.08	Upazila wise number of branch of Grameen bank 2011	106
11.09	Upazila wise number of branch of insurance company 2011.....	107
11.10	Upazila wise number of co-operative society 2011	107
11.11	Upazila wise number of money exchange agency 2011.....	108

CHAPTER: 1

Introduction

District at a Glance

Background, Geographic Area and Location: Sunamganj district was one of the sub-divisions of former Sylhet district. It emerged as a district on the 1st March, 1984. The district is full of haors and baors. Its headquarters is situated on the bank of the river Surma where a 'Ganj' (trading centre) was developed in this area in the name of a Sipahi Sunamuddin, who fought for the independence of the country in 1857. This is known as the background of the district name to be Sunamganj. It is bounded on the North by Indian state of Meghalaya, on the east by Sylhet district, on the south by Habiganj and Kishoreganj districts and on the west by Netrokona district. It lies between 24°34" and 25°12" north latitudes and between 90° 56" and 91° 49" east longitudes. The total area of the district is 3747.2 sq. km. of which 16.28 sq. km. are under forest.

Administration: Sunamganj (Town) stands on the bank of the river Surma. It was established in late 18th century. Sunamganj mahakuma (sub-division) was upgraded to a district in 1984. The district consists of 11 upazilas & 1 thana, 87 unions, 1581 mauzas, 2887 villages, 4 paurashavas, 36 wards and 139 mahallas. The upazilas are Bishwamvarpur, Chhatak, Dakshin Sunamganj, Derai, Dharmapasha, Doarabazar, Jagannathpur, Jamalganj, Shalla, Sunamganj Sadar and Tahirpur and the name of thana is Madhyanagar.

Climate: The climate of the district is warmer in the summer and cooler in the winter. The annual temperature in 2011 was maximum 32.7°C and minimum 8.6°C and the mean monthly relative humidity was 73.7%. Heavy rainfall occurs during the monsoon. Annual rainfall as recorded during the year of 2011 was 3080 millimeter.

Soil Condition: The district is located in the northern hilly regions of the country having young piedmonts plain. The piedmonts plain in the northern part of the district is a gentle sloping landscape mainly consisting of loamy sediments subject to shallow flooding. In the central part, the soil contains bluish silty clay of the Surma, Kushiara old flood plain Basin.

River System: The main rivers and rivulets flowing through the district are the Surma, the Kushiara, the Kamarkhali, the Kalni, the Nokunda, the Bowai, the Nitai, the Sonai, the Gunai, the Somesswari and the Nawa. Most of them are the principal tributaries of the two main rivers viz. the Surma and the Kushiara which are non-tidal and navigable throughout the year by country boats. The flowing length of the rivers is about 195 kms (120 miles).

Archaeological Heritage and Relics: Bagbari Tila (Chhatak upazila), Selbarash Jame Mosque, Sukhair Kalibari Temple, Kahala Kalibari, Tanguar Haor, Maheshkhala Kalibari (Dharmapasha upazila), remnants of the palace of Raja Bijoy Singh (16th century, Tahirpur upazila).

Historical Events: Nankar Rebellion of Sukhair in 1922-23 is notable. Many political leaders and activists of Sunamganj were involved in the anti-British movement. The leftist movement spread over the district after the partition of 1947. During the war of liberation many encounters were occurred between the freedom fighters and the occupied Pakistani army; Sunamganj was liberated on 6 December 1971. In 1336 Bangla Saal (Bengali year) a devastating flood happened as a consequence of breaking down a dam in Manipur, India. This flood is popularly known as 'White Water Flood'. A pernicious earthquake on 12 June 1897 caused heavy loss of lives and establishments.

Economic Situation: The economy of Sunamganj is predominantly agricultural. Out of total 387,205 holdings of the district, 53.39 % holdings are farms that produce varieties of crops, namely, local and HYV rice, wheat, vegetables, jute, spices, cash crops, pulses, oil seeds and others. Various fruits like pineapple,

banana, mango, guava, jackfruit, black berries, coconut, orange, dates etc. are grown. Specially pineapples and oranges grow in abundance. Fish of different varieties are caught from rivers, tributary channels, creeks, and haors and even from paddy fields during the rainy season. Besides crops, livestock and fishery are the main sources of household income.

Non-farm activities are not very much significant in Sunamganj. According to 2001-03 Census of Non-farm economic activities, the broad types of non-farm activities are still in a developing stage. The following table shows total establishments in the urban and rural areas and person engaged by sex and activity in Sunamganj. According to the table, there are 37,539 establishments in the district, in which 99,660 persons are engaged in different types of non-farm activities. Female participation in non-farm activities is very poor. They constitute about 5.4% as against 94.6% of the males. Wholesale & retail trade emerges as the single largest activity (57.4%) with 21,530 establishments and 46,460 person engaged (46.3%) in Sunamganj district.

Number of Establishments and Person engaged

Code	Activity	Establishments			Person engaged		
		Total	Urban	Rural	Total	Male	Female

Marks of Liberation War: Mass killing site at Sreeramshi and Raniganj villages of Jagannathpur upazila; mass grave and mass killing site at a place near the Telephone & Telegraph office of Derai upazila; Sunamganj memorial; memorial plank with names of great martyrs engraved, memorial plank at Raniganj, Shikha Satera (Seventeen Flames) and the Central Memorial at Chhatak.

Religious Institutions: Palash Jame Mosque (Bishwamvarpur upazila), Makhraj Mosque, tomb of Baba Shah, temple of Jagannath Jeou (Derai upazila), Maddianagar Mosque, Selbarash Jame Mosque, Dharmapasha Jame Mosque, tomb of Nangta (nude) Pir, Kahala Kalibari, Maheshkhala Kali Mandir, Sukhair Kali Mandir (Dharmapasha upazila), Ikardai Jame Mosque, Vasudev Mandir (Jagannathpur upazila), Sreehail Sabbari Jame Mosque, Sree Sree Ramkrishna Gosai Akhra (1750), Bahra Sumeshwari Mandir (Shalla upazila), Pagla Jame Mosque, Patharia Baishnab Akhra (Sunamganj Sadar upazila),

Tahirpur Jame Mosque, Badamghata Jame Mosque, mazar of Shah Arifin Saheb are notable.

Main Crop: Boro and Aman paddy.

Main Fruits: Mango, orange, pineapple, banana.

Mineral Resources: Natural gas, limestone and stone.

Other Resources and Products: Fish, dry fish, cement, paper pulp etc.

Flora: The district is famous for a good number of haors within it, those are like big natural lakes, not deep. Most of them become dry during the winter season. During the winter a haor looks like a vast, almost limitless stretch of green land and in the rainy season vast sea of turbulent water. These are big land depression where water accumulates during the rains and stands for about 8 months and a few of them throughout the year. Most of the big haors of Sylhet region are in the Sunamganj areas. Due to the existence of such characteristics, the plants and trees grown the area are altogether different from those growing in other parts of the district. Though more than 90% of tea gardens of Bangladesh are located in Sylhet region but this district has got a very limited contribution to it. The topography and the climate of the district are suitable for the growth of pineapples which is an important juicy fruit of the country. Pineapples (*Ananus comosus*) of big size are grown here and they serve a substantial part of Bangladesh. The cultivators earn a huge amount of money by selling this delicious fruit.

Mango (*Mangifera indica*), black berry (*Syzygium cumini*) jackfruit (*Artocarpus heterophyllus*), banana (*Musa sapientum*), coconut (*Cocos nucifera*), orange (*Citrus reticulata*), papaya (*Carica papaya*), palm (*Borassus flabellifer*), lichi (*Litchi chinensis*), date palm (*Phoenix sylvestris*), guava (*Psidium gauajava*), wood apple (*Aegle marmelos*) are grown in the district. A good variety of flower plants like rose (*Rosa hybrida*), palash (*Butea monosperna*), shimul (*Bombax ceiba*), krisnachura (*Delonix regia*), chameli (*Jasminum pubescus*) are found all over the district. There are several small hills covered with green grass and bamboo (*Bambusa bambos*) bushes, sungrass and bamboo trees are abundant all over the district.

The most valuable timber trees, viz. jarul (*Lagerstroemia speciosa*), chapalish (*Artocarpus chapalish*), gundri (*Cinamonum glauduliformum*), kurta (*Sida acuta*), rata (*Dysoxyhnm bineectrari ferum*) and poma (*Cerdrela toona*) are largely available in the district, and are used for construction of house and boats. Simul (*Bombax ceiba*), mango (*Mangifera indica*), kadam (*Anthocephalus cadamba*) and Harish (*Albizzia stipalata*) are converted into tea boxes. The following trees, viz. shundi (*Mechelin sp*), ping (*Cynometra polenjandra*), sheel koroy (*Albizzia procera*), karal (*Dipterocarpus sh*), siturijat (*Eenchinocarpus titiacons*) and also Jam or black berry (*Syzygium cumini*), jamir or nebu (*Citrus limettoides*) murai, kai-enge, banak, Jackfruit (*Artocarpus heteraphyllus*), hartakey (*Terminalia chebula*), bazang, barun, hizal (*Barringtonia acutangula*) and kuma are also found in abundance in the district. Some of these trees and plants normally do not grow in most of the district in Bangladesh.

Fauna: About 100 years ago elephants were found in the hilly area of the district. Gradually they turned rare and ultimately vanished. Wild boar (*Sus scrofa*) is bound in the district. Various kinds of wild birds have increased its beauty. More birds of different colour, size and habits are found here. Teasing birds like crow (*Corvus macrorhynchos*) and kite or chil (*Haliaster Indus*) are found in good number. Game birds namely dove (*Streptopelia chinensis*), pegin (*Columba livia*), snipe heron (*Ardeola grayii*) and pankoyri (*Phalacrococan niger*) are found all over the district. Song birds like cuckoo (*Cuculus microplerus*), doel (*Copsychus saularis*), mayna (*Acridotheres tristis*) and nightangle are found in different seasons. The

cuckoo, the most popular song bird comes to our country at the beginning of the spring; many migratory birds come from foreign land during autumn and winter. Hen, duck (*Aythya fuligula*), pigeon (*Columba livia*) are the domestic birds found almost in every household of the district. Snipe or kada khucha (*Gallinago gallinago*), jungle fowl (*Gallus gallus murghi*) and marsh partidges are also found in various parts of the district.

A large variety of indigenous fishes including carps and many smaller species are available in the district. Fish is an essential staple and plays a very important role in the economy of the area particularly of the hoar area. In the fresh water, the popular species are ruhi (*Labeo rohita*), katla (*Catla catla*), mrigel (*Cirrhinus mrigala*), kalbaous (*Labeo calbasu*), airh (*Mystus aor*), ghania (*Labeo gonius*), shoil (*Channa striatus*), boal (*wallago attu*), gazar (*channa marulius*), gulsha (*Mystus bleekeri*), koi (*Anabas testudineus*), shing (*Heteropneustes fossilis*), mirror carp (*Cyprinus carpio*), silver carp (*Hypophthalmichthys molitrix*), grass carp (*Cteopharyngodon idella*) and magur (*Clarias batrachus*), etc.

Concepts and Definitions

Population and Housing Census 2011

The population and housing census is the unique source of reliable and comprehensive data about the size of the population of the country, major socio-economic and socio-demographic characteristics.

It is the total process of collecting, compiling, evaluating, analyzing and publishing or otherwise disseminating demographic, economic and social data pertaining, at a specified time, to all persons in a country. The essential features of a population census are individual enumeration, universality within a defined territory, simultaneity and defined periodicity.

The population and housing census provides information on the geographic and administrative distribution of the population and household in addition to the demographic and socioeconomic characteristics of all the people in the country. The data from the census are classified, tabulated and disseminated so that political leaders, election officials, planners, national organizations including NGOs and civil society, regional and international organizations can use the data in decision-making.

The purpose of community report is to disseminate census data by communities (ward/mahalla in urban area and union/mauza/village in rural area). Data on all key variables namely area, household, population by sex and age group, ethnic population, literacy rate, marital status, school attendance, employment status and religion as well as physical facilities such as source of drinking water, sanitation, electricity and dwelling units have been presented in this report. The planners, researchers and policy makers as well as development partners and community administrators will find this report as a valuable reference for use in advising plans and programs for advancing welfare and well-being of the common people, in particular and the community in general.

Household

Persons, either related or unrelated, living together and taking food from the same kitchen constitute a household. A single person living and eating alone forms one-person household.

Literacy

It denotes ability to write a letter in any language. Literacy status assessment is made for population 7 years and over.

Community

It refers to the following five lower geographic, administrative or revenue units:

- i) **Union:** Smallest administrative rural geographic unit comprising of mauzas and villages and having union parishad institution.
- ii) **Mauza:** Mauza is the lowest administrative unit having a separate jurisdiction list number (J.L. No.) in revenue records. Every mauza has its well-demarcated cadastral map. Mauza should be distinguished from local village since a mauza may consist of one or more villages.
- iii) **Village:** Lowest rural geographic unit either equivalent to a mauza or part of a mauza.
- iv) **Ward:** Smallest administrative urban geographic unit comprising of mahallas and having ward council institution.
- v) **Mahalla:** Lowest urban geographic unit having identifiable boundaries.

Urban Area

It corresponds with area developed around a central place having such amenities as metalled roads, improved communication, electricity, gas, water supply, sewerage, sanitation and also having comparatively higher density of population with majority population in non-agricultural occupations.

i) City Corporation: It includes city corporation area declared by the Ministry of Local Government.

ii) Paurashava/Municipality Area: It includes paurashavas incorporated and administered by local government under Paurashava Ordinance, 1977.

Agriculture Census year and reference period

The census year extends over twelve consecutive months having for different census items the different reference periods or days of data collections. Some items have a year or week reference period. Some others have a specific reference day.

The census year covered twelve months from 1 Baishak to 30 Choitra, 1414 Bangla Shal (BS). This year was the reference period for such census items as operated land use, crops, agriculture employment, livestock & poultry deaths and agriculture loan. A single reference day was used for items like holdings, farm size, land tenure, farm population, livestock & poultry inventories and agriculture implements.

The different census items by their reference periods or days are shown below:

Agriculture holding

An agriculture holding is a techno-economic unit of agricultural production under single management comprising all livestock kept and all land used wholly or partly for agricultural production purposes without regard to title, legal form or size. Single management may be exercised by either an individual holder or jointly by two or more individuals or holders or by a judicial person such as a corporation, co-operative or government agency. A holding may consist of one or more parcels (fragments of land) located in one or more areas or mauzas or in more than one administrative unit or division provided that all separate parcels of fragments form parts of same technical unit under operational control of same management.

The definition covers practically all holdings/households engaged in agricultural production of both crops and livestock. Some agriculture holdings may have no significant agricultural land, e.g. holdings keeping livestock, poultry and hatcheries for which land is not an indispensable input for production.

Farm holding

A farm holding is defined as being an agricultural production unit having cultivated land equal to or more than 0.05 acres. Farm holdings are classified into following three broad groups:

(a) **Small:** Farm holdings having minimum cultivated land 0.05 acre but operated land more than this minimum but upto 2.49 acres.

(b) **Medium:** Farm holdings having operated land in between 2.50 to 7.49 acres.

(c) **Large:** Farm holdings having operated land 7.50 acres and above.

Small cultivated land 0.04 acre or less is generally used for kitchen garden growing mainly vegetables. Often seeds of white gourd, water gourd, pumpkin and other strains are sown on households; but these creepers spread out around house roofs and other structures. As such, the minimum cultivated land considered for qualifying to be a farm holding is 0.05 acres.

Non-farm holdings

A non-farm holding is defined as being the one which has neither cultivated nor operated land or has cultivated land less than 0.05 acre.

Tenancy

Owner holdings are those having and operating their owned land and who may or may not be leasing out land.

Tenant holdings are those having no owned land but operating land taken from others on share cropping basis or on other terms.

Owner-cum-tenant holdings are those having owned land and who may or may not be leasing out their own land to others and who may be taking land from others on share cropping basis or on other terms.

Agriculture work

Agriculture work signifies all activities of holder and his/her labour force doing planning, management, and operation of a holding. It includes land preparation, sowing, weeding, harvesting, feeding and tending livestock & poultry, kitchen gardening, supervising agricultural workers, keeping farm records & accounts, preparing agriculture products for marketing (including packaging), repairing farm equipment, constructing farm buildings & fences, and engaging in land reclamation and improvement and other related activities. It excludes home and other family domestic chores.

Area under pond

The pond area remains under water almost through out the year. Normally, households use pond water for various domestic and sometimes agriculture purposes. Ponds are also generally used for fish culture.

In the census the pond area data were collected separately for both single ownership and joint ownership of households.

Area under temporary crops

It is the land area planted to crops having growing cycle or length of life less than one year. These are the temporary crops such as paddy, wheat, jute, cotton, tobacco, sugarcane, pulses, oil seeds, potato, vegetables and other seasonal crops. A list of temporary crops for which data were collected separately was given in back page of "Tally Sheet". The minimum area recorded for a temporary crop was 0.01 acre. Area under temporary crops and temporary-crops net area are equivalents.

Area under permanent crops

It is the land area planted to crops which remain standing for a long period of time and do not need to be replanted after a seasonal harvest. Mango, jackfruit, coconut, guava, lemon, and other fruit varieties are all permanent crops.

Current fallow

It is land brought into cultivation but left out uncultivated in census year for fertility regaining and improvement or for other reasons.

Net cultivated area

This is land area actually cropped during the census year regardless of number of crops grown plus current fallow. It includes areas under temporary and permanent crops and also current fallow.

Permanent fallow

It is land not available for cultivation due to coming into residence and commercial & other uses. Play ground, graveyard, wild shrubs and jungles, marshy land, and the like fall in this category.

Irrigated area

This is area of total land brought under irrigation coverage for growing crops with irrigations done through mechanical or manual means. Irrigated area classifications fall into two categories: (1) surface water irrigation with main water sources being rivers, canals, beels, ponds, and other water bodies; and (2) underground water irrigation with water lifted by shallow tube-wells, deep tube-wells, and country traditional devices. The irrigation equipments are run by electricity, diesel or petrol, or manual labour.

Cattle and Buffalo

Cattle and buffalo heads owned by households on day of enumeration were counted.

Goats and Sheep

Goats and sheep owned by households on day of enumeration were counted.

Fowls, Ducks and Pigeons

Fowls, ducks, and pigeons owned by households on day of enumeration were counted.

Temporary crops gross area

Areas aggregated for all temporary crops grown in the census year have made **temporary crops gross area** greater than **temporary crops net area** since the latter has within it the same land cropped more than once in different seasons of a year.

Intensity of cropping

It is percentage of temporary crops gross area in comparison with temporary crops net area. It is expressed as follows:

$$\text{Intensity of cropping} = \frac{\text{Temporary crops gross area}}{\text{Temporary crops net area}} \times 100$$

Cereals

Main cereals are rice and then wheat. Other cereals are jab, barley, cheena, maize, kaun, bajra and joar.

Pulses

Main and common pulses are gram, mung, lentil, arhar, gari kalai, khesari and pea.

Oil seeds

Main oil seeds are rape and mustard, sesamum, linseed, groundnut, soybean, sunflower and castor.

Vegetables

Farmers grow both summer and winter vegetables. Main vegetables are potato, brinjal, raddish, arum, lady's finger, cauliflower, cabbage, bean, tomato, patal, gourd, cucumber, pumpkin, knoll-kal-turnip, dhundal, barbati, khirai, chichinga, carrot, kakrol and sak.

Cash crop

Main cash crops are jute, mesta, sunhemp, cotton, sugarcane and tobacco.

Spices

The main spices include turmeric, ginger, chillies, onion, garlic, corriander, black cumin and ani seed.

Fuel crops

Dhaincha and other smaller plants used as cooking-fuel are included in the group.

CHAPTER: 2

General Information

General Information

2.01 Broad classification of area 2011

Upazila	(In sq. km.)			
	Total area	Land area	Reserve forest	Riverine area
